# Coaxial Illumination Series

Coaxial Illumination Series

● High-density arrangement LED.

● Lighting range size from 14X14mm to 80X80mm, other specifications can also be produced

● Advanced Coating technology, reducing light loss

● Special cooling structure, improve stability and extend the work life

● Using aluminum PCB, dramatically reducing the heat and LED arrays

Code	Color	Working Area(mm)	Voltage Power/Red	Voltage Power white/green/blue
PMS-COL-14R/G/B/W	●●●○	14	24V/0.78W	24V/1.2W
PMS-COL-30R/G/B/W	●●●○	30	24V/1.17W	24V/1.8W
PMS-COL-40R/G/B/W	●●●○	40	24V/1.95W	24V/3W
PMS-COL-60R/G/B/W	●●●○	60	24V/3.9W	24V/5.8W
PMS-COL-80R/G/B/W	●●●○	80	24V/6.5W	24V/10W

Application:

■ Scratch detection for the highly reflective surface

■ Easy reflective surface of various materials, such as glass metal

■ Packaging barcode recognition, laser big characters, two-dimensional code recognition
